WOMEN'S CANCER INITIATIVE
TATA MEMORIAL HOSPITAL

BRIIT

5th BRIIT

Conference on Breast Imaging and Interventional Techniques

Theme: From Controversies to Consensus -
Implementing Guidelines

Welcome Delegates

We are pleased to announce **5th Breast Imaging & Interventional Techniques (BRIIT) 2025 Conference** organised by **Tata Memorial Centre**.

Tata Memorial Centre is an apex tertiary referral cancer hospital in India. The Breast Imaging and Intervention division under Department of Radiology is fully equipped with State-Of-The-Art infrastructure for diagnosis and interventions such as Vacuum Assisted Breast Biopsies (VABB) under MRI and Contrast Enhanced Mammography guidance.

'**BRIIT**' is a comprehensive imaging conference to initiate basic education to Budding Breast Radiologists as also to focus on Recent Cutting-Edge Technologies and Advances for the practicing radiologists.

Theme of the Conference is From Controversies to Consensus - Implementing Guidelines

Advancements in breast imaging and interventions continue to evolve rapidly, guided by global evidence-based standards. Optimal imaging choices pivoting around Mammography, Ultrasonography, Contrast Enhanced Mammography and MRI must align with individual clinical profiles, available resources, and personalized treatment pathways. High-risk populations also require tailored screening and follow-up protocols that balance efficacy with affordability. The **5th BRIIT Conference** will explore these critical aspects – from basic to advanced imaging and interventions—ensuring comprehensive, patient-centric breast care.

This, is coupled with organizing **Demonstration of Breast Interventional Techniques** and a **Hands-on workshop** on Tomosynthesis, Contrast Enhanced Mammography, MRI and Breast interventions.

With **Eminent Faculty** on board, the organizing committee invites you to a great scientific and academic training, lectures and discussions.

We look forward to your participation.

Organising Secretaries (BRIIT)

Dr. Palak Thakkar (Popat)
Dr. Aparna Katdare

WCI Secretaries

Dr. Palak Thakkar (Popat)
Dr. Sushmita Rath

Patrons

- Dr. R. A. Badwe
- Dr. Sudeep Gupta
- Dr. C. S. Pramesh
- Dr. S. D. Banavali
- Dr. Pankaj Chaturvedi

Organising Chairpersons

- Dr. Meenakshi H. Thakur
- Dr. Suyash Kulkarni
- Dr. Nitin Shetty

Organising Secretaries

- Dr. Palak Thakkar (Popat)
- Dr. Aparna Katdare

Scientific Committee

- Dr. Sonal Chauhan
- Dr. Kunal Gala
- Dr. Purvi Haria
- Dr. Rachel Sequeira
- Dr. Himangi Unde
- Dr. Raksha

23rd WCI Organising Secretaries

- Dr. Shalaka Joshi
- Dr. Prabhat Bhargava
- Dr. Revathy Krishnamurthy

International Faculty

Dr. Trupti Kulkarni

Consultant Breast and
Head and Neck Radiologist
British Society of Breast Radiology
United Kingdom

Dr. Maninderpal Kaur

Consultant Radiologist
Head - Dept. of Breast Imaging
Hospital Kuala Lumpur

Dr. Pooja Jagmohan

Senior Consultant
Head of Division of Breast Imaging
Department of Diagnostic Imaging
National University Hospital
Singapore

Dr. Nisha Sharma

Director - Breast Screening
Leeds & Wakefield
Consultant Breast Radiologist
Leeds Teaching Hospital, NHS Trust
United Kingdom

10TH OCT 2025

BRIIT 2025 WORKSHOP

Topic

I **Advanced Breast Imaging Workshop (9:00 to 17:00)**

Case based reading

Tomosynthesis	CEM
MRI	AI in Mammography
Art of Manuscript Writing	

II **Breast Intervention workshop (9:00 to 17:00)**

Hands on workshop (Any 2 Options)

Core Biopsies, Wire Localization and Vacuum assisted Biopsies

Option 1 USG guidance	Option 2 MMG and CEM guidance	Option 3 MRI guidance
--	--	--

*Workshop is only for Radiologists

For detailed program, click [here](#) 

CONFERENCE SCIENTIFIC PROGRAMME

11TH OCT

Time

Topic

Session 1: Oral presentation and Introduction

08:00 - 08:30

Oral presentation

Speakers: Dr. M H Thakur, Dr. Sanjay Thulkar, Dr. Nandini Bahri, Dr. Veenu Singla

08:30 - 08:35

A snapshot of growth in Breast Imaging – TMC Perspective

Speaker: Dr. M. H. Thakur

Session 2: Mammography – Fundamentals in Breast Imaging

08:35 - 08:47

Nuances of a normal Mammogram and what not to miss !!

Speaker: Dr. Sonal Chauhan

08:47 - 08:59

Essentials of Mammography reporting, the BIRADS way moving from 5th to 6th edition

Speaker: Dr. Pooja Jagmohan

08:59 - 09:11

Approaching microcalcifications, which ones matter

Speaker: Dr. Purvi Haria

09:11 - 09:23

How we dealt with our microcalcifications – TMH Audit

TMH Data

09:23 - 09:35

Digital Breast Tomosynthesis – Its importance in real world practice in diagnostic imaging for India

Speaker: Dr. Madhavi Chandra

09:35 - 09:47

Role of AI in 2D & 3D Mammography

Speaker: Dr. Nisha Sharma

09:47 - 09:59

Perspective Discussion : Specimen Imaging - The way we do it - AIIMS, PGI, TMH

Speakers: Dr. Sanjay Thulkar, Dr. Veenu Singla, TMH Way

09:59 - 10:19

Tea/Coffee

Session 3: Ultrasonography – Essentials in Breast Imaging

10:19 - 10:31

Decrypting USG detected findings using BIRADS – To biopsy or not ?

Speaker: Dr. Yojana Nalawade

10:31 - 10:43

Ultrasonography Features in Special Scenarios : Young women, Pregnancy and Lactation

Speaker: Dr. Sabita Desai

10:43 - 10:55

The art of localizing lesions on relook USG from MG, Tomosynthesis and MRI

Speaker: Dr. Tanvi Jakhi

10:55 - 11:07

Non mass findings on USG

Speaker: Dr. Punam Bajaj

CONFERENCE SCIENTIFIC PROGRAMME

11TH OCT

Time

Topic

11:07 - 11:27

Controversies to Consensus - Perspective Discussion

Choice of first supplemental imaging modality – Tomosynthesis versus Ultrasonography

Speakers: Tomosynthesis - **Dr. Madhavi Chandra**,
UsG - **Dr. Jwala Srikala**

11:27 - 11:39

Controversies to Consensus - Implementing Personalised Guidelines

Screening for early detection of breast cancer: An all-inclusive approach for the current decade and road ahead !

Speaker: **Dr. Sanjay Thulkar**

11:39 - 13:09

ORATION AND INAUGURATION

13:09 - 13:39

India meets UK, Singapore and Malaysia - Rendezvous with
Dr. Nisha Sharma, Dr. Trupti Kulkarni, Dr. Maninder Pal Kaur and Dr. Pooja Jagmohan

13:39 - 14:39

Lunch

Session 4: Cutting Edge Technologies in Breast Imaging

14:39 - 14:51

Contrast Enhanced Mammography – Principle, Acquisition, Implementation and Artifacts

Speaker: **Dr. Veenu Singla**

14:51 - 15:03

Integrating CEM in regular practice – Indications and way forward to recommendations

Speaker: **Dr. Pooja Jagmohan**

15:03 - 15:15

CEM guided Biopsies – Offering solutions

Speaker: **Dr. Maninder Pal Kaur**

Session 5: Basics to Advances in MRI

15:15 - 15:27

Making Breast MRI Interpretation Easy

Speaker: **Dr. Bijal Jankharia**

15:27 - 15:39

MRI Beyond Masses – Approach to Non-Mass Enhancement and Enhancing Foci

Speaker: **Dr. Shilpa Lad**

15:39 - 15:52

A peep into Abbreviated MRI and Faster Imaging Sequences

Speaker: **Dr. Seema Sud**

15:52 - 16:04

Role of MRI in pre therapy planning prior to Breast Conserving Surgery

Speaker: **Dr. Aparna Katdare**

16:04 - 16:24

Tea/Coffee

CONFERENCE
SCIENTIFIC PROGRAMME

11TH OCT

Time

Topic

Session 6: Integrating Multimodal Imaging in Clinical Radiology

16:24 - 16:44

Controversies to Consensus – Implementing personalized guidelines - Perspective Discussion:
New ACR recommendations of supplemental MRI Screening – Is it implementable?
Speakers: Dr. Trupti Kulkarni (Radiologist),
Dr. Amar Deshpande (Surgeon)

16:44 - 17:04

Controversies to Consensus - Perspective Discussion:
Choice of functional Imaging : CEM versus Breast MRI for Supplemental Imaging
Speakers: CEM: **Dr. Nisha Sharma**, MRI: **Dr. Trupti Kulkarni**

Session 7: Panel Discussion

17:04 - 17:24

1. Blood stained nipple discharge and papillomatosis
Moderator: Dr. Shikha Panwar
Panelists:

17:24 - 17:44

2. Granulomatous Mastitis
Moderator: Dr. Janaki Dharmarajan
Panelists:

17:44 - 18:04

3. B3 pathologies
Moderator: Dr. Neha Shah
Panelists:

CONFERENCE SCIENTIFIC PROGRAMME

12TH OCT

Time

Topic

08:00 - 09:00

Meet & Greet - Breakfast with Experts

Session 1: Axillary Imaging and Management

09:00 - 09:12

Multimodal Imaging Anatomy of the Axilla and Nodal Assessment
Speaker: Dr. Ekta Dhamija

09:12 - 09:24

Targeted Axillary Dissection rather than Axillary Clearance – Role of Imaging
Speaker: Dr. Nisha Sharma

09:24 - 09:36

De-escalation of Axillary Management
Speaker: Dr. Vani Parmar

Session 2: Multimodal Breast Cancer Management

09:36 - 09:48

Multimodal Integration for Locoregional Staging of Breast Cancer
Speaker: Dr. Jyoti Arora

09:48 - 10:00

Surgeon’s perspective – What do I need from a Radiologist for Surgical Planning?
Speaker: Dr. Shalaka Joshi

10:00 - 10:12

Waves of advances in Systemic Therapy - Targeted Therapy to Immunotherapy
Speaker: Dr. Prabhat Bhargava

10:12 - 10:32

Controversies to Consensus - Perspective discussion: Prediction of response to chemotherapy. Is it really needed?
1. Clinical Examination vs
2. Conventional Imaging (MG/USG/Elastography) vs
3. MRI
Speakers: Medical Oncologist, Surgical Oncologist, **Radiologist for Conventional Imaging: Dr. Ekta Dhamija**
Radiologist for MRI : Dr. Shikha Panwar

Session 3: Radiology meets Pathology

10:32 - 10:44

Decoding the attributes of a pathology report? From MB score to ki-67, from TNBC to HER2 and what is B3 !!
Speaker: Dr. Tanuja Shet

10:44 - 11:00

Radiological - Pathological Flash cards: Concordant Hits and Discordant Misses
Speakers: Pathologist, **Dr. Renuka Ashtekar, Dr. Soujanya**

11:00 - 11:20

Tea/Coffee

Session 4: Panel Discussion : Breast Cancer Management in Special Scenarios

11:20 - 11:40

Management and Surveillance of Genetic High Risk status women with Breast Cancer
Moderator: Dr. Beenu Varghese
Panelists:

CONFERENCE SCIENTIFIC PROGRAMME

12TH OCT

Time

Topic

11:40 - 12:00

Pregnancy associated Breast Cancer
Moderator: Dr. Varshaa Hardas
Panelists:

Session 5: Breast Interventions

12:00 - 12:12

Vacuum assisted Biopsies and Excision
Speaker: Dr. Rupa Renganathan

12:12 - 12:24

Mammography guided Interventions
Speaker: Dr. Smriti Hari

12:24 - 12:36

USG guided Interventions
Speaker: Dr. Aman Daftary

12:36 - 12:46

What's in a clip : Scope of Interventions using Ligaclips
Speaker: Dr. Teena Sleeba

12:46 - 12:58

MRI guided Breast Biopsy & Wire Localization Interventions : Integration in routine care
Speaker: Dr. Palak Thakkar

12:58 - 13:10

Management of complications in Breast Interventions
Speaker: Dr. Bhawna Dev

13:10 - 13:22

Role of Onco-Interventional Radiology in Management of Oligometastatic Disease
Speaker: Dr. Suyash Kulkarni

13:22 - 13:34

Cryoablative Therapy - Let us freeze the Tumor !
Speaker: Dr. Nitin Shetty

13:34 - 14:34

Lunch

Session 6: Panel Discussion: Case based personalised practical approach to Breast Cancer Management

14:34 - 14:54

1. Triple Negative Breast Cancer with Axillary Adenopathy in a young woman
Moderator: Dr. Aparna Atre
Panelists:

14:54 - 15:14

2. Lobular Carcinoma with Contralateral LCIS
Moderator: Dr. Teena Sleeba
Panelists:

15:14 - 15:34

3. Sarcomas : Personalised Imaging and Management
Moderator: Dr. Mukta Mahajan
Panelists:

CONFERENCE SCIENTIFIC PROGRAMME

12TH OCT

Time

Topic

Session 7: Bio-imaging and AI

15:34 - 15:46

Molecular mapping of Breast Cancer beyond FDG - FAPI AND MORE
Speaker: Dr. Sneha Shah

15:46 - 15:56

Complementary role of a Radiologist with Nuclear Specialist
Speakers: Dr. Sneha Shah, Dr. Rachel Sequeira

15:56 - 16:08

Emerging data of AI in Mammography from India
Speaker: Dr. Krithika R.

16:08 - 16:13

Why do you need fellowship in Breast Imaging and Intervention?
Speaker: Dr. Renuka Ashtekar

16:13 - 16:18

Vote of Thanks
TMH Team

16:18 - 17:18

Case based Interaction Quiz
Dr. Himangi Unde, Dr. Raksha , Dr. Ashwini
